

Winterize the Home To-Do List

Winter is tough on any home. Whether it's the South's rain and wind or the North's cold, sleet and snow, a little preparation will help your home survive the extra mess and the perpetually closed doors and windows.

- Remove dirt and rust from garden tools with Brillo® Strip & Shine® Soap Free Steel Wool Balls before storing them for the season
- Check/repair/replace door and window weather-stripping
- Clear gutters. Check gutter joints and connections to house. Repair if necessary
- Replace furnace filter
- Turn off and drain outside faucets
- Store out-of-season clothing from closets
- Get rid of the summer/fall clothes you won't wear again
- Store or cover outdoor furniture, grills or kids' toys
